

next generation technology in your pocket.

Introducing HiRUM Anywhere!

Using HiRUM Anywhere you have all the features you currently love about HiRUM and HiSITE, but now you can access your business on the go.

Over the last 12 months, as part of HiRUM's commitment to continued innovation, we have dedicated an entire team of developers to creating a product that will give you true freedom!

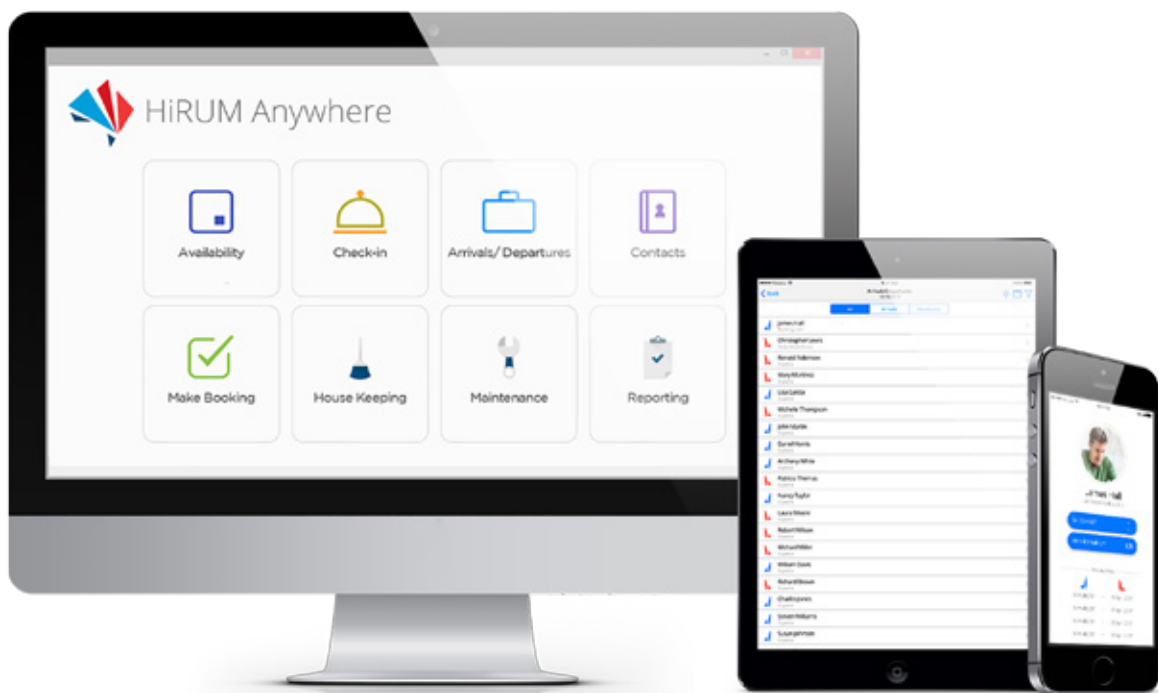

The freedom to go about your business, to head to the hardware store, clean the pool, go out to dinner with your family or simply to relax at home, all whilst having the peace of mind that you can access the critical aspects of your business wherever you are, at any time.

Now you can have the complete property management solution in your pocket as well as on your desktop.

More features than ever before!

HiRUM Anywhere includes the features you know and love, with additional features you will be excited about.

Powerful Apps for mobile and tablet
Manage your business on the go
